

WHISTLE BLOWER POLICY (VIGIL MECHANISM)

1. BACKGROUND

1.1. In the Companies Act, 2013 under Section 177 read with Companies (Meetings of Board and its powers) Rules 2014 mandates every listed company or every company having borrowed loans of Rs.50 crore or more or having accepted the deposits from public shall establish a vigil mechanism for the directors and employees to report genuine concerns. Such a vigil mechanism shall provide for adequate safeguards against victimization of persons who use such mechanism and make provision for direct access to the chairman of the Audit Committee in appropriate or exceptional cases.

1.2. Vijaykant Dairy and Food Products Ltd. (VDFP) has implemented a robust mechanism for identification of malpractices within the organization and the present day reporting of such ongoings is being made to the highest authorities including the Chairman himself. Due confidentiality in the matter is maintained at all times and suitable rewards are extended to such 'whistle blowers'. Also, the Company accords due importance to the internal branch inspection function which escalates its findings to the Chairman and Managing Director. Individual function owners also have their own informal communication channels within the organizations and the Company has benefitted from these methodologies in the past. However, a formal vigil mechanism policy was not documented for information of all and now we would need to document a vigil mechanism within the organization.

1.3. In a recent communication issued to the employees, the Chairman has encouraged the employees to directly report to him any wrong doings in the Company for the overall betterment of the organization. At the same time, the employees have also been warned on desisting from resorting to such a practice to harass individuals under the garb of confidentiality. As a policy, the Company completely disregards anonymous communication and also tries to identify such individuals who resort to these practices to target others. In the recent past, there have been several instances of action being initiated on such troublemakers.

1.4. Under these circumstances, VDFP, being a responsible player in the industry proposes to establish a Whistle Blower (vigil) mechanism and to formulate a whistle blower policy.

2. POLICY OBJECTIVES.

2.1. A Whistle Blower (Vigil) mechanism provides a channel to the employees to report to the management, concerns about unethical behavior, actual or suspected fraud or violation of the Codes of conduct or policy. The mechanism provides for adequate safeguards against victimization of employees to avail of the mechanism and also provide for direct access to the Chairman of the Audit Committee in exceptional cases.

2.2. Having a policy in place does not absolve individual employees from their duty of maintaining confidentiality in the course of their routine work, in tune with the demands of the situation, nor can this mechanism be used as a route for raising malicious or unfounded allegations against people in authority and / or colleagues in general.

3. SCOPE OF THE POLICY.

3.1. This Policy covers malpractices and events which have taken place / suspected to have taken place, misuse or abuse of authority, fraud or suspected fraud, violation of company rules, manipulations, negligence causing danger to public health and safety, misappropriation of monies, and other matters or activities on account of which the interest of the Company is affected and formally reported by whistle blowers concerning individual / a cartel of employees.
